

Sengstack to Guide Student Council

• GEORGE SENGSTACK, newly elected member of Phi Beta Kappa, won another election last week when the student body of the University chose him as Student Council President for 1952-53.

Eight hundred and sixteen students balloted last Wednesday and Thursday. They gave Sengstack a 117 vote margin over his opponent Bob Buzzel. The vote for Sengstack was 427, for Buzzel 320. The new president is also the leading pitcher on the varsity

baseball team and a member of Pi Kappa Alpha fraternity.

Referendum Passes

Don Harmer, Student Council Advocate, who announced the election returns at the May Day celebration last Friday night also made known that the referendum on 23 proposed amendments to the Council's constitution passed in its entirety.

Close voting was the order of the day as Dick Manzano, the new vice president, edged rivals Ralph

Feller and Helen Biren. The vote was Manzano 341, Feller 226, and Biren 208.

Secretaries Close

The closest decisions came in the balloting for secretary where Eileen McNally was the winner over Eugenia Brandenburger by 19 votes. The vote; McNally 388, Brandenburger 369. Paul Jennings became the new advocate, with 484, votes as opposed to 262 by Harry Kremelmeier.

In another close vote Nan Mc-

Kinney was elected publicity director when she polled 314 votes. She was closely followed by Sue Middlebrooks who totaled 273. Ronald Woody the third candidate trailed with 168.

McCoach Overwhelms

Nancy McCoach the new Activities Director had an overwhelming majority of 557 votes to 187 for Al Cohen.

Jim Awtry, running unopposed, received 625 votes.

The post of Program Director went to George Buckmaster who garnered 425 votes as compared to 316 for Beverly Bicknell. The voting for the other offices went as follows: Comptroller Frank Haynes, 414; Seymour Beckman, 106; Mitchell Blankstein 212.

Freshman Directors: Maxine Saurel, 405; Ellen Wyvill, 335. Ed Ferrero running unopposed for the office of Student Union Chairman, collected 612 votes.

Nancy Dilli Reigns as May Queen; Marvin, Individuals Accept Honors

• CHOSEN AS MAY Queen and also as the recipient of the Pi Beta Phi award as the most outstanding Senior Woman, Nancy Dilli reigned over last Friday's May Day ceremonies in Lisner Auditorium.

Eight outstanding junior women were tapped for the 1952-53 chapter of Mortar Board.

• OUTGOING Student Council President Warren Hull crowns Nancy Dilli Queen of the May at last Friday's May Day ceremonies in Lisner Auditorium.

Journalism Course to Electrify Participation

• UPON RECOMMENDATION of the University Committee on Publications, plans are being made for a new arrangement between campus publications and the Department of Journalism.

A new course in journalism laboratory will be offered next fall in an effort to increase participations in campus publications on the part of the students. The laboratory course will also feature work on downtown newspapers.

Appointed Instructs

A new full-time appointee to the Journalism Department, Robert Willson, will instruct the course which will provide three credits a semester and will be open to all students in the University.

The decision to institute the new program came as a result of discussions in the Publications Committee. Although the Hatchet is the publication most directly concerned at the moment, it is not the only activity of the course, explained Publications Committee Chairman Dr. C. D. Linton.

Approval For Plan

The recommendation of the Committee on Publications was sent to Administration officials following approval of the plan by both Pi Delta Epsilon, national journalism honorary, and the Student Council. Both groups dis-

cussed the proposal Thursday night and sent approval to the Publications Committee, Friday.

It was stressed by Dr. Linton that the new program, although it will call for closer working in technical fields between the new instructor and students in publications, will in no way censor or control choice of material in any campus publication, or "impinge upon free expression" in them.

Arrangements Not Completed

The working arrangement of the course has not yet been determined in all details, but it is expected to be ready for operation by next semester.

President Marvin in discussing the projected expansion of the Journalism Department's activities at the thirtieth anniversary ceremonies of Pi Delta Epsilon Saturday, reaffirmed his intention of keeping the Hatchet free from University domination. The new program, he explained, will expand the students' knowledge of the technique of journalism without dictating policy.

Hatchet board posts have not yet been set. It is not clear whether the new arrangement will alter Hatchet board operations or not.

16 Students Earn Phi Beta Honors

• A STUDENT FROM Cyprus, a White House secretary, and the star pitcher on the University baseball team are among 16 University students who have been elected to membership in Phi Beta Kappa, national honorary fraternity in the field of liberal arts and sciences. Initiation ceremonies will be held late this month.

Those selected are Nitros C. Myrianthopoulos, a senior majoring in biology, who was awarded an Emma Carr scholarship for the academic years 1950-51 and 1951-52. He will receive a bachelor degree this month, after which he will accept a teaching fellowship at the University of Minnesota.

Myrianthopoulos, son of a "pensioned professor" in Cyprus, came to this country to study after serving five years in the British army.

Mondlock Qualities

Miss Marguerite M. Mondlock, a senior is majoring in accounting. She is employed as secretary in the White House Executive Office of the President.

Esther Payne will perform Carpenter's "Concertina for Piano and Orchestra" in the first portion of the program while in the second portion she will join forces with her son in a performance of Carpenter's "Sonata for Violin and Piano."

PiDE Cheers 30th Birthday

• IT WOULD COST you only \$50 for the knowledge in a set of \$250 Great Books, but the remainder is paper and production costs.

This amazing fact was told to assembled young and old Pi Delta Epsilon members, national journalism honorary, by Frank Dunham, a co-founder of national PiDE. The journalists, banqueting and initiating new members, were celebrating their thirtieth anniversary Saturday afternoon, National Press Club ballroom.

Dunham, now radio director of NBC in Chicago, flew to Washington for the event. He said this factor of cost in the print business could very well weaken it with the on-rush of television, and change the means of communications.

Other guest speakers were President Cloyd H. Marvin, who announced the new administration program for the rejuvenation of the Hatchet; Harry W. Newman, one of the founders of the campus chapters of PiDE in 1922; and Miss Margaret Davis, who was among the first group of women ever to be initiated into the University chapter, which was the first chapter to initiate women in the national organization.

New members of the honorary are Estelle Stern, Eileen Burgess, Jim Awtry, Alfred Moe, Paulette Salto, Edmund Hughes, Henry Renz, Eugenia Brandenberger, Carlene Parker, and Maxine Saurel.

New officers of the University chapter are Georg Tennyson, president; Tom Beale, vice president; Nancy McCoach, secretary; Bob Buzzel, treasurer, and Frances Chaconas, historian.

TV Features Colonials

• JOHN HANLY'S "Startime" featured a three nightly salute to the University on his show last week.

Representatives from various campus organizations were guests of Hanly. They were interviewed about their respective organization's contribution and activities throughout the school year to the University and the community.

Highlighted on the salute were the Panhellenic Council, the ROTC program, and the Student Council.

Officers of Panhel related sororities' contributions to the University Monday evening. Barbara Benner, president of the council; Linda Law, past treasurer of the (See STARTIME, page 7)

Dance in Union

• WITH A NEW jukebox, chairs and tables pushed back and a snack bar, the Student Union will be used for a dance tomorrow from 9 p.m. to 11 p.m., announced Student Council President Warren Hull.

After two years, the Student Council has received permission from President Cloyd H. Marvin to hold the dances, which are banned for once a week in the union. Ultimately, it is hoped that band will be scheduled once a month, Hull said.

May Day Stars Queen, Mortar Board

• THE SIX PICTURES above are scenes from this year's May Day Assembly. On the top row, from left to right, the May Day Queen, Nancy Dilli, is shown with the members of her court. In the second picture Student Council President Warren Hull presents a white carnation to President-elect George Sengstack, while Advocate Don Harmer looks on. The third photo shows this year's chapter of Mortar Board (standing) and the newly elected members, from left to right, Eugenia Branderburger; Linda Loehler, Ellen MacEwen, Amy Schaum, president-elect of the Mortar Board;

Marvin Addresses Engineer's Banquet

FACULTY, STUDENTS, and alumni of the University School of Engineering gathered at a banquet, Hamilton Hotel, Saturday.

President Cloyd Heck Marvin, guest speaker, advised the student as well as the graduating engineer, to try to understand not only the technical problems which confront the profession, but also the people involved.

Awards Presented

The annual awards from the professional societies and fraternities were presented. Fred Battle received the coveted Theta Tau Plaque, in addition to becoming the first winner of the Institute of Radio Engineers Award.

Other award winners were: Bob Smith, John Newey, Charles Bass, and R. H. Wells, receiving the Engineers' Alumni Association Award in their respective departments. Also, Ronald Van Allen, IRE National Award Honorable Mention; Herman Norwood, IRE Sectional Award Honorable Mention.

Staff Awards

Ten members of Mechelec staff received the Mechelec Award: Alfred B. Moe, present editor; Chuck Plyer, past editor; Dick Caldwell, business manager.

Also Tom Flanagan, Jim Simpson, Emmett DeAyee, Keith Hord, Warren Chestnut, and Bill Noble, members of the staff.

Members of the Engineers' Council for the past year received the Engineers' Eight Keys from Carolyn Mickelson, Queen of last February's Engineer Council Ball.

Among the distinguished guests were Mrs. Marvin, Dr. Martin A. Mason, Queen Carolyn Mickelson, and her escort Joseph Gilbreth.

The banquet was sponsored by the Engineers' Council of the University. Alfred B. Moe presided.

Delegates Strive for Fellowships

THIRTY-THREE delegates from 11 high schools in the Washington area participated in panel discussions on the subject, "How Can We as a Nation Improve Our Ethical and Moral Conduct," last Friday, the University Spring High School Discussion Conference, Lisner Auditorium.

As a result of this conference, three students whose names will be announced later, will receive speech scholarships to the University next year. Approximately 200 students participated in the fall conference which was the introductory session of this year's conference program.

Eleven of the high schools sent delegates to the conference, fifteen students have made application for the three scholarships. Only the senior delegates are eligible to apply for the scholarships.

Winners of Achievement Awards of Distinction are Mary Jean Stevens, Anacostia; Eugene Lambert, Calvin Coolidge; Theodore Clemence, Western; Dan Weihe, Washington-Lee; Harrison Peers Brewer, Bethesda-Chevy Chase, and Rashid Abdu, Falls Church.

The conference judges were high school and University faculty members. At 4 p.m., students who had been rated superior or excellent were awarded certificates. Announcement of the scholarship winners will be made about a week after the conference.

Students Seek 1000 Degrees At Graduation

OVER 1000 students will receive degrees and Associate in Arts certificates May 28, when the University holds its 133rd Commencement. Activities are the following:

Sunday, May 25
7:45 p.m. Baccalaureate sermon at the Washington Cathedral.

Right Rev. Angus Dun will deliver the sermon.

President Marvin will read the lesson.

University Glee Clubs sing with the choir.

Monday, May 26
4 p.m. Awards Tea, Honors for scholarship. Lower Lisner Lounge 6 p.m. Order of the Coif Dinner.

Tuesday, May 27
8 p.m. Reception for graduates and their parents, by President and Mrs. Marvin at the Chinese Room, Mayflower Hotel. Dancing and refreshments.

Wednesday, May 28
8 p.m. Commencement exercises in the University yard. Reverend Paul Stouzenberger, University graduate, will offer the invocation and pronounce the benediction.

President Marvin will confer degrees and deliver the charge. Alumni Achievements Awards presented by Elmer L. Kayser, president. Dean Elmer Louis Kayser, marshal, will lead the academic procession and announce the convocation.

SAE Cops Sing Cup; Sigma Chi Places

SIGMA ALPHA EPSILON under the direction of Warren Hull won the 20th annual Interfraternity Council Sing with "Sweetheart Song" and "Black is the Color of My True Love's Hair." For his work, which led the group to victory, Warren Hull was awarded the cup for best director.

Sigma Chi took second place singing "Hark the Sigs" and an original arrangement of "Night and Day" by Bob Bloch who directed.

Also singing were Sigma Nu and Kappa Sigma. Sigma Nu, directed by Phil Floyd, sang "La Marseillaise" and "White Rose of Sigma Nu". Kappa Sigma under the direction of Roger Choisser sang "After Dark" and "Kappa Sigma Dream".

The other participating fraternities were Acacia directed by Jack Bartsch and singing "April Showers" and "Sweetheart of Acacia"; Phi Alpha sang "Syncopated Clock" and "Spirit of Phi Alpha", an original song by Buddy Wolfe who directed.

The Sing was judged by Dr. Pierce Carlo of the University Hospital, Frank Harden, WMAL music director, and Warrant Officer Fred Kepner of the Air Force Dance Band.

ODK Initiates New Members

SEVEN STUDENTS and two honorary members will be initiated into Omicron Delta Kappa, men's leadership honorary, Wednesday, May 14, at the society's spring banquet, Army-Navy Town Club, Farragut Square and I St., N. W.

Raymond L. Bancroft, Robert Buzzell, Thomas Beale, Robert Harwood, Albert Moe, Richard Riemen, and Richard Caldwell are the students to be initiated. The two honorary members are Dean Oswald S. Colclough, of the Law School, and Newell Ellison, secretary of the University Board of Trustees.

Ceremonies will begin at 7 p.m. Payment of \$6 must be made in advance to Leonard Vaughn in care of the University, on or before Friday, May 9.

A special committee of active and alumni members is sponsoring the initiation and banquet.

Get This
Postgraduate Course
worth Thousands of Dollars!

New Aviation Cadet Program Offers Special Advantages To College Men Now Preparing for Military Service

Here is valuable postgraduate training that money can't buy! As an Aviation Cadet you can receive instruction and training worth thousands of dollars—at the same time you are serving your country. You can choose—immediately—between being a Pilot or Aircraft Observer in America's swiftly expanding Air Force. The Air Force encourages candidates to stay in school and graduate. Seniors and students with two years or more of college who anticipate early entrance into military service can receive unmatched training in flying and leadership for the years ahead.

WHO MAY APPLY

AGE—Between 19 and 26½ years.
EDUCATION—At least two years of college.
MARITAL STATUS—Single.
PHYSICAL CONDITION—Good, especially eyes, ears, heart, and teeth.

HOW TO QUALIFY

- Take transcript of college credits and copy of birth certificate to your nearest Air Force Base or Recruiting Station.

- Appear for physical examination at your nearest Air Base or Government expense.

- Accomplish Flying Aptitude Tests and enlist for two years only!

- The Selective Service Act awards you a four-month deferment while awaiting class assignment.

- Immediate assignment to Aviation Cadet Training Classes starting July 19, August 19, October 2, and November 19, 1952.

- Attend Aviation Cadet Training School for one year either as Pilot or Aircraft Observer. Get \$105 monthly plus food, housing, uniforms, and other benefits.

- Graduate, win your wings. Commissioned second lieutenant, begins earning \$5,000 a year! Receive \$250 uniform allowance, 30-day leave with pay.

WHERE To Get More Details

Visit your nearest U. S. Air Force Base or U. S. Army—U. S. Air Force Recruiting Station or write direct to Aviation Cadet Headquarters, U. S. Air Force, Washington 25, D. C.

Under The Axe

• LIKE MOST other years this one has come to a close more rapidly than most of us realized. While everyone is winding up the semester's activities, the Hatchet is making its traditional review of the events and problems of the past two terms at the University.

A number of progressive steps have been taken this year toward bettering student activities, but a number of regressions have taken place at the same time.

Doubtless the most significant advancement on the student level has been the recently approved Student-Faculty Relations Program. Underway all year, the Council got a bit bogged down this semester. But definite progress was made when the Student-Faculty amendments finally passed officially and became part of the Council's constitution, ready to begin operation next fall. Much of the work was done by the Student Council Vice-president. The results of the new program should appear in the very near future.

University Grows Physically

On the administrative level additional advances were made with the completion of Monroe Hall and its occupancy this semester. The strides the University has taken in physical growth during recent years, have been impressive. At present, construction is underway on Building D to incorporate it as part of the University Library. The recently acquired Carnegie Library on War and Peace will be housed in the remodeled building, thus expanding both the physical and intellectual parts of the University.

Less inspiring than either of the foregoing achievements is one that involves both administration and students—the drama situation. Partly as a result of an overall student apathy which has grown all year and partly as a result of reluctance on the University's part to provide adequate encouragement for theatrical activities, the Speech department discontinued its Theatre Major and the major productions, thus removing any significant dramatic activity from campus.

Drama Situation Not Clear-cut

The drama situation is one that is as involved as any on campus. There are no clear-cut lines as to where the responsibility lies for the dissolution of theatre. To be sure, student interest has been negligible for some time. At the same time, Speech department interest has not been pronounced. Immediately following the abandonment of the Theatre Major, the Speech department seemed to feel absolved of any responsibility towards drama on campus. Not only has the Players club, which remained despite the stoppage of major productions, been grossly ignored, but the few physical comforts left to the students in theatrical activities, such as the Players lounge, have been taken over as Speech Corrections labs. This in itself is scarcely overwhelming, but it seems to indicate as much faculty disinterest in drama as student disinterest. A combination of the two is unbeatable; drama is surely dead if this keeps up.

Fortunately some hope can still be retained. A faculty committee under Dr. Fred S. Tupper of the English department is at work on a plan to revitalize drama on campus. The results of this group's action may bring back an activity basic to our collegiate intellectual and social life.

Apathy Apparent Everywhere

Apathy was not confined to dramatic activities alone during this year. Few campus groups showed expansion; many displayed a lessening of events. The University Band died. After slowly withering away for some time, the Band finally gave up altogether. Only six fraternities got up enough steam to participate in the IFC Sing which was held as part of May Day rather than as a special event in itself. Club meetings, special events, all showed poor attendance and weakened spirit.

Whether the student disinterest is the result of the uncertainties of the times is an often debated question. Although uncertainty about the future is an understandably paramount aspect of many students' thinking it should not be sufficient to deter these students from taking part in activities which would provide them with enjoyment now and fine experience for the future.

Another major case of poorly functioning student activities is that of the University

Hatchet. Hard as it is for us to admit that, it is, nonetheless, a fact. For the most part the Hatchet is suffering from student apathy. The current revision in Journalism department operations and campus publication work is a result of the inability of the Hatchet to perpetuate itself alone. There are certainly a number of very hardworking sincere students writing for the paper. But the number is small and shows no sign of increasing.

With the Hatchet situation a rather grim one, the University Committee on Publications, working with student groups and administration officials, has decided on the expedient of creating a journalism course to offer credit for laboratory work on campus publications. Although the course is designed to cover all journalism lab work it is obviously one intended primarily to "put the Hatchet back on its feet."

Props for the Hatchet

Certain as we are that no subtly conceived program of administration control is behind the move, it is with regret that the Hatchet sees itself propped up by the Journalism Department, since the paper has always been conceived of as a student activity, an activity in which students could gain a great deal of practical experience, a great deal of fun, and also do the University and the collegiate community a valuable service in the honest dissemination of information. We feel that the Hatchet has performed a service to the University that is of greater value because it is voluntary. Though the Hatchet of next year will doubtless do a good job it seems unfortunate that students must be beguiled into Hatchet work by knowing that three credits will be their reward.

Every success is wished to the new program for support of campus publications. Yet we still look forward to the day when the Hatchet and all other campus publications, including maybe even that often attempted literary magazine, will need nothing to commend them but the pleasure and benefits derived from participation.

The overall picture at the University has been dismal for student activities. The picture for the future is not good. What seems to be lacking at the University in the complete scope of things is an integration of all the elements of the University. If some of the expansion enthusiasm and some of the qualities of leadership demonstrated by outstanding University officials could be communicated to the students in respect to activities there might be a greater evenness of operation over the entire structure. A unified working body composed of many varied subdivisions is one of the hallmarks of a University.

Twenty-five Progressive Years

In looking back over the year, we see as a symbol of solid achievement the figure of the University President Dr. Marvin. Twenty-five years of service to the University have established an enviable record. Dim as the future may seem in certain quarters if the next quarter of a century sees as much progress as the past one has seen under Dr. Marvin's leadership it will be another outstanding period for the University.

It will be as much the responsibility of the students to contribute to University progress as it will of the faculty. If the Student-Faculty Relations program brings the desired results of closer integration, if student apathy is lessened, the University will grow in dignity and worth.

In The Mailbag

• WE WERE distressed Friday night at the May Day Assembly at the behavior of the student body during the program. One would think that a college student would know better than to leave in the middle of a presentation. Most did not even have the decency to leave between numbers, but left at their own convenience disregarding decorum.

We were embarrassed for our fellow students in front of the Air Force Dance Band and the guests that were present. To top everything, they missed some good entertainment.

When are the students of our University going to realize that maturity and manners should accompany education.

City College Adopts New Activity Rules

By INTERCOLLEGiate PRESS

A Faculty-Student Committee on Student Activities at City College recently adopted eligibility requirements for office holding and committee chairmanships within student organizations. The regulations are as follow:

a—A student must be a fully matriculated student of the College, carrying at least 12 undergraduate credits, with the exception of Seniors who must carry at least nine credits.

b—Individual students must have a "C" average or better in order to be a candidate for and/or hold office or a committee chairmanship. If during the semester, the individual student fails to maintain his or her existing qualifications, this automatically relieves the individual from holding office and/or a committee chairmanship as enumerated above.

c—it is the responsibility of the individual student to notify the Department of Student Life concerning the modification of eligibility requirements.

d—A student on probation (minus 15 or more credits) is not eligible to hold office or committee chairmanship during his or her probationary period.

e—All students selected to represent the College and/or the individual club, society, or fraternity, councils, etcetera, as an official delegate or observer must also meet the existing qualifications.

f—in the event that a summer session student serves in some capacity enumerated above during the Summer Session, he or she must meet the same qualifications as enumerated above with the exception that the number of credits must be no less than six credits.

Concerning part b, any student with less than an "C" average is not eligible to participate in the activities program as an officer. However, this ruling does not prohibit a student with less than the desired average from being active in the extra-curricular program as simply a member of an organization.

New Teaching Opportunities

An exceptional opportunity for graduates of liberal arts colleges to enter the teaching profession, was announced recently by Dr. Finis Engleman, Commissioner of Education in Connecticut.

Stating that the elementary schools of Connecticut will be in need of approximately 600 more teachers next September than are now being prepared in the four state teacher's colleges, Dr. Engleman revealed that an intensive recruitment program is being conducted by his department to attract liberal arts graduates to the teaching profession.

"Commencing June 23," Dr. Engleman stated, "the four state teachers colleges in Connecticut will conduct a special eight week summer session program designed to offer accepted liberal arts graduates a minimum preparation for assignment to a teaching position in the fall."

Candidates completing the summer program are then eligible for emergency teaching permits upon the request of a superintendent and will be eligible for teaching positions. The candidates are offered professional advice and guidance throughout their first year of teaching by supervisory personnel of the department of education. Also, the candidates must continue courses required in the applicant's initial program of study.

Michigan State Alters Exams

A seven-day final examination schedule will go into effect this term at Michigan State College, after the new six-day schedule introduced in the fall quarter proved unsatisfactory, according to an announcement by Robert R. Reppenhausen, assistant recorder in charge of setting up the final exam schedule here.

"The six-day schedule was designed primarily with anticipated course changes in mind, in which students would take less courses for more credit," he said. With less courses per student there will also be fewer finals, he added. Until the course revision is in effect a seven-day schedule will be used.

"During the fall quarter some students had three and four finals in one day," Reppenhausen said. "The administration agreed with students that this was not desirable."

The All-College Educational Research Committee on this campus recommended that instructors be urged to do everything possible to keep seniors attending class sessions until May 29. The committee's recommendation suggested careful recording of class attendance, quizzes, and term papers as a means of keeping seniors in class.

Hell Week Again

The faculty of the College of Arts and Sciences at the University of Maine recently placed itself on record as believing that the "neglect of academic work during Hell Week greatly impairs the work of classes." The arts faculty also expressed the belief that in particular Hell Week imposes a "serious and direct handicap on fraternity men.

These views were contained in a letter sent to the Interfraternity Council. The letter was prompted by a belief that some fraternities were not living up to an agreement made last year that Hell Week activities (See CAMPUS NEWS, Page 5)

Greeks Select Beauty Queens

• FOUR COEDS have been crowned queens by University fraternities in the end-of-the year elections of Greek beauty favorites.

Betty Jane Hill was chosen

CAROLYN HANBY

"Dream Girl" of Pi Kappa Alpha Saturday night at PIKA Spring Formal, DuPont Plaza Hotel. Bill Scarrow presented her with the "Dream Girl" pin. Miss Hill, a sophomore majoring in zoology at the University, is pinned to Ronald Woody, a member of Pi Kappa Alpha fraternity.

Deltas Crown Hanby.
At Delta Tau Delta's annual Rainbow Ball, April 25, Lee

House, Carolyn Hanby was crowned Delta Tau Delta Queen by Delta president George Dowd. This is an honor bestowed on the girl who has done the most for the chapter during the past year.

Miss Hanby, a Kappa Kappa Gamma, is pinned to Walter Cotrell of Delta Tau Delta. Their wedding is scheduled for June 21.

Tekes Choose O'Rourke

Patricia Anne O'Rourke was honored as the Sweetheart of Tau Kappa Epsilon at the fraternity's

BETTY JEAN HILL

annual Triangle Ball last Saturday, the Washington Golf and Country Club. Her escort was Donald J. Caulfield, member of Tau Kappa Epsilon and a law

student at the University.

Miss O'Rourke, who is a senior at Trinity College and president of her class, will graduate in June with a degree in mathematics.

Acacias Select 'Nile' Queen'

Nancy Herring was crowned "Queen of the Nile" last Saturday

PATRICIA O'ROURKE

night at the annual Acacia "Night on the Nile." Miss Herring is a student at the University of Maryland and is a member of Kappa Alpha Theta sorority on that campus.

The theme of the dance was Egyptian and a multitude of dancing girls, Cleopatra, Caesars, and mummies were in evidence to congratulate Miss Herring on the honor she had just received.

Campus News

(Continued From Page 4)

would be held only from 1 a.m., Thursday, through the week end, provided the faculty would hold no prelims during that time.

Some of the fraternities began Hell Week on Monday and Tuesday, causing a definite mix-up in the prelim programs of the faculty.

In its letter to the Interfraternity Council, the faculty stressed that in many instances this self-imposed handicap has resulted in difficulties which directly defeated the student's academic purpose and indirectly caused serious problems for the fraternities.

"With the belief that students should make every effort to insure for themselves full opportunity for successful academic work, the Faculty of the College of Arts and Sciences strongly urges that those students who are responsible for fraternity welfare take the necessary action to eliminate Hell Week activities that interfere with the normal academic program. Full cooperation will be given to responsible efforts aimed at a correction of existing difficulties."

Mathematics Paradox Discussed

Teachers attending a mathematics conference at Bowling Green State University were told recently of ways to remedy the paradoxical situation which has developed in mathematical education in the United States. The principal speaker, Dr. J. R. Overman, dean of faculties and former chairman of the mathematics department at the University, described the paradox this way:

"Our entire way of life, and our position in the world, are based upon scientific and technological development and these, in turn, are based upon mathematics. We can not maintain our way of life, or even our safety as a nation, unless we progress and keep ahead, or at least abreast, of the rest of the world. This means more mathematics but, in spite of this, we are teaching less and less mathematics to fewer and fewer people."

The situation is desperate but not hopeless, Dr. Overman contended. For the remedy, he urged the more than 200 conference participants to:

1. Work for better teaching through better preparation in mathematics itself and a more comprehensive and up-to-date knowledge of modern psychology and of the learning process.

2. Restudy curriculum methods of instruction and standards. Work for an earlier start in the teaching of arithmetic to avoid the overcrowding in the intermediate and upper grades. Strive to make mathematics meaningful. Provide enough drill for retention and skill. Insist on reasonable mastery of the work of one grade before promoting a pupil to the next.

3. Turn back the tide of simplification and elimination in mathematics instruction and restore the content of arithmetic, algebra and geometry to a reasonable level.

4. Encourage all high school students who are capable of doing satisfactory work to take a minimum of a year of algebra and a year of plane geometry.

Foreign Students Increase

The final returns from the Institute of International Education's census of foreign students in the United States are in. Our colleges and universities, today, have just about twice as many students from abroad as there were in 1946.

The presence of 30,462 foreign students on U. S. campuses—some 600 more than last year—shows that despite monetary exchange barriers and the continuation of a critical international situation, the flow of students from abroad to the United States is holding its own.

The Institute reveals that the leading fields of study for foreign students have remained fairly constant over the past few years: first engineering, followed by the social sciences, liberal arts and medical sciences, then the physical sciences, business studies, religion, education, agriculture, and fine arts.

Students Present Plans for Futures

By CONNIE KELLY

• QUESTION: How does it feel to be graduating, and what are you going to do afterward?

DON HARMER: "No feeling; I'm numb from exams. Anyhow, I'm going to graduate from school, so graduating is a transition from work to more work."

JOE INZINNA: "It's wonderful knowing that soon I'll be with many of my friends in the service. Just think—Europe, Asia, Parris Island—what fun! Gung Ho!"

BUD GOGLIN: "With much forethought I am happy to say already. As for post-graduate work, I am going to the University of Korea to take up rifle shooting."

BILL SHAW: "It's great to be graduating; think I'll change from my conservative self and follow a program of wine, women, and song."

NANCY DILLI: "I'm delighted; it's such fun to work."

ALL THE SOCK YOU GOT... AND THEN SOME!

THESE STAMINA-TESTED SPALDING-MADE TENNIS BALLS HAVE TOP RATING IN CHAMPIONSHIP TENNIS.

THE WRIGHT & DITSON IS THE ONLY OFFICIAL BALL OF THE U.S.L.T.A. NAT'L CHAMPIONSHIPS SINCE 1887... OFFICIAL IN EVERY U.S. DAVIS CUP MATCH, TOO.

WITH ITS TWIN... THE SPALDING...

THEY ARE PLAYED IN MORE MAJOR TOURNAMENTS THAN ALL OTHER TENNIS BALLS COMBINED

FOR A SHARPER GAME... PLAY THE

Clubs Choose Officers

• NEW OFFICERS of the International Relations Club are: Fritz Warrick, president; Jess Murphey, vice-president; Ken Moor, secretary, and Erma Flores, treasurer.

• THE NEWMAN CLUB announces its annual student elections tonight, 8 p.m., Room C-204. After the elections, the Club will hold its annual social and install the new officers.

• THE 1952 CHERRY TREE Staff will meet tomorrow night, 8 p.m., Student Union Annex Conference Room. Fraternity and sorority representatives are requested to attend.

• SIGMA CHI ANNOUNCES the election of the following officers for the coming term: Dick Creswell, consul; Tom Beale, pro-consul; Harry Kriemelmeier, annotator; Bob Abromarvage, quies-tor; Hank Fitzgerald, tribune; Bob McGrath, magister; Don Mac-

Donnell, historian; Mike Rapport, associate editor, and Bob Buzzell, IFC delegate.

• THE STUDENT BRANCH of the American Society of Mechanical Engineers will hold its final meeting of this semester, 8:15 p.m. tomorrow, Government 101.

• RECENTLY ELECTED managers for the Modern Dance Production Groups are Claudia Chapline, overall business manager of Groups I, II and III; Carol Fuller, business manager of Group II; Sandra Seabring, art publicity manager; Lowell Schwartzell, press publicity manager; Gloria Kaye, production manager, and Steve Luke, property manager and assistant to the promotion manager. Also Phyllis Allen, costume manager; Lillemor Spitzer, make-up manager, and Sarah Horsburgh, and Allan Downing, folk and square dance managers.

injector shavers!

Does your skin smart, burn, when you apply lotion after shaving? Try it on your forehead. Same skin yet no burn! That's because your facial skin is irritated from shaving — probably because you're using a razor blade ground like a penknife and you have to "bear down" to shave clean.

PAL's patented Hollow Ground process makes "bearing down" unnecessary. You shave with a light, light stroke; your face is cool, relaxed — your skin isn't irritated, is left smooth as a teen-ager's! You owe it to your face to try

Class Listens To Dance Talk

• MRS. SUMITA Bahadursingh, wife of the First Secretary to the Indian Embassy, gave a lecture on the origin and philosophy of the Indian dance to the class in History of Dance. The lecture was held last Tuesday evening, Building J.

Mrs. Bahadursingh received her early education at Santiniketan, the school of the Indian poet and philosopher, Rabindranath Tagore. Tagore was very instrumental in the renaissance of the classical dance in India.

Mrs. Bahadursingh gave a brief summary of the four schools of Indian dance as they are accepted today. She explained that the dance, like all other forms of art in India, is judged by its spiritual rather than technical significance. The lecture was followed by the showing of three films by Miss MacFland, who is in charge of films for the Information Section of the Indian Embassy.

Debate Banquet

• THE ENOSINIAN DEBATING Society will hold its annual spring banquet Friday, 6:30 p.m., Bonat Cafe. The program for the evening includes the presentation of new officers who will be elected Wednesday 3 p.m., Studio A of the Speech Department.

Barlow Wagman will serve as Master of Ceremonies. Martin Agronsky, distinguished commentator for the American Broadcasting company, will be the principal speaker. Agronsky's subject will be "Freedom: What It Is and What It Used To Be".

Members of the society who have not secured their reservations may do so until Wednesday, 3 p.m.

Job Jots

GE Training Division To Make Interviews

• GENERAL ELECTRIC Business Training Division coming May 13: Make appointments now for interviews. Degree of any kind is sufficient. Salary \$295 a month.

Full-Time Jobs

Recreation Director: Able to work with mental patients. Degree necessary. Prefer physical education. \$3400.

Social Worker: Woman only. \$200 and two meals.

Personnel Statistician: Sociology or psychology background. At least one course in statistics. \$70 a week. Woman only.

Personnel Interviewer: Degree in personnel. \$50 to 60 a week. Woman only.

Administrative Secretary: Must have Sh. h. For research organization dealing with professional status of biological scientists. \$300 a month.

Secretary: Correspondence regarding exchange of foreign scholars. \$275 a month.

Salesmen: All kinds of jobs, both tangible and intangible. Car and expenses. Minimum salary \$250 and up.

Law Students: If you are on any G. S. 7 Civil Service Register, let us know.

Jr. Economist: Archives classification and filing. Must know Spanish. Woman only. \$3400. No degree necessary.

Historical Research Ass't: American history background. Knowledge of archives research. Abstracting data on Indian claims. G. S. 5.

Stenographer: Journalistic training and interest. Agricultural magazine for young people. \$3100.

Be Happy- GO LUCKY!

In a cigarette, taste
makes the difference—
and Luckies taste better!

The difference between "just smoking" and really enjoying your smoke is the taste of a cigarette. You can taste the difference in the smoother, mellow, more enjoyable taste of a Lucky... for two important reasons. First, L.S./M.F.T.-Lucky Strike means fine tobacco... fine, mild tobacco that tastes better. Second, Luckies are made to taste better... proved best-made of all five principal brands. So reach for a Lucky. Enjoy the cigarette that tastes better! Be Happy-Go Lucky! Buy a carton today!

L.S./M.F.T.-Lucky Strike Means Fine Tobacco

From Darwin's work we might infer
Man once lived up a tree;
And some still do who do not know
That L.S./M.F.T.

Marvin E. Whatley
Iowa State College

If you're the kind that likes a smoke,
Come morning, night or noon—
Remember L.S./M.F.T.,
And buy a carton soon!

Reckord Addresses PDG; Mutual Security Topic

GORDON E. RECKORD, director of the Executive Secretariat of the Mutual Security Agency, spoke on "What Mutual Security Is Doing in Europe" to Phi Delta Gamma, graduate fraternity for women, last Sunday.

Reckord joined the Economic Cooperation Administration in April 1949 as assistant secretary of ECA's Central Secretariat. In 1949 he was appointed secretary of ECA's Public Advisory Board. In 1942, Reckord participated in strategic studies made in the Office of Strategic Services. Later he served in the Division of Geography, U. S. Department of Interior, becoming chief of the Research Division in 1946.

Majoring in geography, Reckord was graduated from the University of Chicago with an AB degree in that subject. Subsequently, he spent three years doing graduate work in that field toward his PhD degree.

Folkemer to Speak

DR. LAWRENCE D. FOLKEMER, executive officer of the department of religion and director of the University Chapel, will speak at the last Chapel service of the semester, tomorrow. Western Presbyterian Church, 1906 H Street, NW, 12:10 to 12:30 p.m.

Library Exhibits

BOTH SCULPTURE and paintings are featured this month in the University Library Art Exhibit.

Sculpture and Silver Craft are displayed on the second floor. The 23 works in this section are all by Donald C. Kline, associate professor of Art at the University, and an alumnus of the University. The sculpture exhibited includes a variety of mediums, among them marble, aluminum, cypress, California redwood, cedar root, alabaster, ceramic, unfired clay, and soapstone.

The paintings are done by Alfred H. McAdams, University graduate and a graphic designer of the Department of State. Oil, gouache, water color and pen and ink are among the types of material used in the 23 pieces of the exhibit which are shown on the first and second floors of the Library.

WELL, HERE we have the last issue of the Hatchet and all good Colonials are turning their thoughts to the beach (Ocean City, of course) with great anticipation. It seems that the small but determined minority who had hopes of holding the annual party at Longwood, New Jersey, or at Virginia Beach have lost out, and this year's party will be complete with the polite visits from the Ocean City Gestapo. Be seeing you in the brig.

It being spring, it seemed the thing to do to hold shindigs honoring the campus beauties. Four fraternities held get-togethers this weekend.

The PiKAs held their annual Dream Girl Ball last Saturday at the Dupont Plaza. Betty Jean Hill was crowned Dream Girl. Betty Jean already had a PiKA pin; it used to belong to Ronald Woody. The party was a huge success; Foggy and Bottom were the hit of the dance, least that's what they tell us.

The Rainbow Ball was the formal title of the Delt's party held April 25 at Lee House. President George Dowd crowned pretty Carolyn Hanby Queen of Delta Tau Delta. Carolyn is scheduled to trade in Walter Cottrell's Delt pin for a wedding ring on June 21.

Patricia Anne O'Rourke was chosen the Sweetheart of Tau Kappa Epsilon at the annual Triangle Ball. The Washington Golf and Country Club was the site of this party.

Accacia, not to be outdone, held a theme party last Saturday. The theme was "A Night On The Nile," and Nancy Herring was crowned "Queen of the Nile." Nancy is a Theta from out Maryland way, and her election was celebrated by an assortment of characters that looked like a cross between the Olivers' productions and a second grade Hollywood thriller.

Phi Alpha closed their social season last Saturday with a dinner dance at the Hamilton Hotel. It must have been quite a brawl because on the hunk of paper that was turned in Foggy's box was a little note stating that Charlie Goldberg was chosen Princess of the Year. Somebody's memory is a little blurred, we're sure.

We quote word for word from our only communication from the Kappas this week: "Kappas were very sorry that they could not serve champagne at their coffee hour with Sigma Nu". Tough luck, Sigma Nus!

Margie Cole, the Sweetheart of Sigma Chi, picked up another Sigma Chi pin this weekend. It was sort of a May Day award from Dick Peppers.

The end of the year is the time for goodbyes; and so Foggy and Bottom bid fond farewell to the University Hatchet, RIP, Rho Iota Pi, (national fraternity for displayed collegiate journalists.)

FB.

Phi Beta

(Continued from Page 9)

Sigma Kappa prize in chemistry. He has been treasurer of Phi Eta Sigma, freshman honorary, and is a member of Sigma Pi Sigma, physics honorary.

Mary Ann Smith received a bachelor of arts from the University in February. Her major was political science, and she was a member of Alpha Delta Pi, social sorority, the Intersorority Athletic Board, and the Rifle Club.

Wendy S. Stachura, a senior, is majoring in art. She won first prize for her work in commercial art, in the 4th Annual Art Show held at the University last month. She is a member of Tassels, sophomore women's honorary, the Glee Club, Big Sisters, and has been publicity chairman of the

Modern Dance Production Group, and vice president of the Art Club.

Patricia R. Stoneman, a senior, employed as a program analyst by the Munitions Board, and is a member of Columbian Women, a society promoting scholarship at the University. She is majoring in business administration.

Henry Snowden Valk, a senior, is majoring in physics. He is a member of Sigma Pi Sigma, physics honorary, and his hobbies are violin playing and oil painting.

History Major

Joan Pinckney Wheeler Vest, a senior, is majoring in history. She is a member of Pi Gamma Mu, social science honorary.

Carl W. Werntz, a junior, is majoring in physics. He is a member of Phi Eta Sigma, freshman honorary, Sigma Pi Sigma, physics honorary, German Club, and the National Capital Astronomers.

He's listened to the weak thread of so many shallow claims he's fed-up! His point is—there's a thorough test of cigarette mildness. Millions of smokers throughout America concur.

It's the sensible test...the 30-Day Camel Mildness Test, which simply asks you to try Camels as your steady smoke—on a day-after-day, pack-after-pack basis. No snap judgments!

Once you've tried Camels in your "T-Zone" (T for Throat, T for Taste) you'll see why...

After all the Mildness Tests...

Camel leads all other brands by billions

Baseball

(Continued from Page 12)
with a resounding triple, sending Tivnan to third. This set the stage for Sengstack's game winning blow. Before the inning was over the Buff scored their seventh run of the contest.

Gibbs led the Colonial hitting with two hits in three times at bat. Waters and Summers each had two safeties apiece. GW had six hits and committed three errors.

Fredericks Halts Cavaliers

Bob Fredericks replaced Joe Kenelly in the fifth inning with the score 7-4, GW, and then went on to pitch three-hit ball, against Virginia, giving up one run as he registered his second victory of the year and GW's seventh win versus no defeats in a row. The victory gave the Colonials a sweep of their series with the Cavaliers.

Kenelly in four innings only gave up two hits, but one of them was a three-run homer by Mel Roach, who also quarterbacked the football team.

Ace Buff Hurler Shines In Varied Campus Fields

By TIM McENROE

• ELSEWHERE IN this issue, the reader will find the name of George Sengstack mentioned prominently a couple of times, once as the newly-elected president of the University's Student Council and once as one of those recently elected to Phi Beta Kappa, the highest of all national collegiate awards for scholarship, but here in the Sports Department he is known as the most dependable of the Colonial baseball team's pitchers.

All of Sengstack's honors take on added brilliance when it is considered that he is only a junior at the University. As is attested by the Phi Beta achievement, his scholastic grade average is above reproach. He won a place in Phi Eta Sigma, freshman scholastic honorary, with a majestic 4.0 average, and later on he earned the Delta Zeta award for zoological excellence.

While he is currently boasting a fine 4-2 record as a hurler, Sengstack is not looking towards a career in baseball, but rather is looking forward to the lifetime job to which his pre-med major is carrying him.

While most pitchers depend upon one particular pitch and use it more than any other, Sengstack possesses a fine assortment, which, combined with his marvelous control, have carried him, and the Buff team, through many tight spots. In his last start against Washington and Lee last Thursday, the right-hander put down the opposition with only seven hits and from there went on to victory. Hitting well over .300, it was the 185 pound lady-killer's blow that scored the Colonial's game mentioned above.

The Colonials wasted no time. Barreira led off the GW first inning with a single. Richie Gibbs and Bob Cilento got out on walks, and then with two out Jack Tivnan came up with a single. John Yednock rammed a double over second base, and GW had a 4-0 lead. In the following six innings

the Colonials scored eight more runs and coasted to an easy win.

Three of Virginia's five hits were bunts. Only one of GW's 14 hits was for extra bases, that being Yednock's double. Fredericks gave up four walks and struck out five. Kennelly walked six and fanned four.

For that "special" date in New York, we invite you to spend an evening with us at the CAFE ROUGE of the STATLER HOTEL. We'll be there June 2nd through 29th. ELLIOT LAWRENCE. Rosalind Patten, Danny Riccardo and all the boys in the band.

LIQUID CREAM SHAMPOO

More than just a liquid, more than just a cream . . . new Wildroot Liquid Cream Shampoo is a combination of the best of both.

Even in the hardest water Wildroot Shampoo washes hair gleaming clean, manageable, curling without robbing hair of its natural oils.

Soapsuds Sudsy...Lanolin Loveliest!

P.S. To keep hair neat between shampoos use Lady Wildroot Cream Hair Dressing.

Golfers Beaten Twice; Play 4 Times Before Season's End

By DOUG JOHNSON

The GW golf squad met their match in Williamsburg, Va. On an excellent course under flawless skies the Buff and Blue were walloped 26-1 by William and Mary. The Nassau scoring system was used, in which points are awarded for both match and best ball on both nines and the whole 18.

Though GW was suffering from car fatigue and lack of familiarity with the course, they turned in some good scores. Three shot in the 70's, including Earl Kusumoto with a 76, GW's low score. George Takane with a 77, and Jim Reese with a 79. However the competition was found to be too keen with five William and Mary golfers hitting in the seventies, topped off by Allen who shot a 71.

GW's lone point was amassed by the number five and six men. John Williams and Al Singer combined to halve best ball on the 2nd nine for one-half point, and Williams halved with Mitchell in match play also on the second nine for the other one-half point.

Cestone (W&M) defeated Spies 5 & 4.

Wray (W&M) defeated Reese 4 & 2.

Allen (W&M) defeated Kusumoto 5 & 4.

Hickey (W&M) defeated Takane 3 & 1.

Mitchell (W&M) defeated Williams 4 & 3.

Freeauf (W&M) defeated Singer 5 & 4.

Neither did VMI quite prove to be a soft touch, when, on April 22, GW travelled 175 miles to Lexington, Va., only to be defeated 6-3 by the cadets. The home-made course proved to be a little too much for GW, as the tricky and let's face it rough greens generally caused the scores to soar. Still Earl Kusumoto was able to fire a very good 76 for GW's low score of the day, and Jim Reese a creditable 79. Bill Kearney's 73 was VMI's best.

Robertson (VMI) defeated Spies 4 & 3.

Williams (GW) defeated Woods 2 & 1.

Kearney (VMI) defeated Reese 4 & 2.

Bryan (VMI) defeated Lindner 4 & 2.

Kusumoto (GW) defeated Griffen 2 & 1.

Timms (VMI) defeated Takane 2 & 1.

Tuesday the squad will meet Georgetown at Kenwood Country Club. Catholic University and Maryland will follow, also at Kenwood, and finally a match with Baltimore University in Baltimore to complete the schedule.

Colonials Run Win Streak to Seven Games

Hall, Pika Take Intramural Track Honors

Buff Games With Spiders Called Off

A DOUBLEHEADER with Richmond scheduled for yesterday afternoon was called off because of wet grounds. Crowded slates of both GW and the Spiders will probably make it necessary to cancel the games.

The Colonials with a 6-1 record and Richmond with a 4-1 mark were to have battled for first place in the loop's northern division. With only three SC games remaining on their schedule the Buffs seem a certainty to gain a playoff berth.

SAE Places 2nd, Record Set in 100

By FRANK CONTINETTI

PI KAPPA ALPHA edged SAE 60½ to 53 points to win the annual Intramural Track Meet held at Woodrow Wilson Highschool last Saturday.

Dave Hall of SAE won individual honors, scoring 16 points. Hall won the 50 yard dash in 6 seconds flat, and the pole vault with a jump of 10 ft., 6 in. He also placed third in both the 100 yard dash and the broad jump. Hall succeeds Andy Davis as champ of the 50 yard dash, Davis failed to qualify for the event Saturday. Mike Sileo accumulated 13½ points to gain the runner-up spot in the individual honors department.

The totals of the meet which saw eight fraternities and one independent team competing were as follows: PIKA, 60½; SAE, 53; DTD, 47½; SX, 35; Phi Alpha, 35; Welling Hall, 16; SN, 11; TKE, 5; and Phi Sigma Kappa, 4.

Race by race the results were:

TRACK EVENTS

50 yard dash—Hall (SAE), Sileo (PIKA) and Howard (DTD), Donaldson (DTD), Kirsh (Phi Alpha). :6.

100 yard dash—Kirsh (Phi Alpha), Oertell (PIKA), Hall (SAE), Shaw (SAE), Gaskell (SX). :10.5.

220 yard dash—Gaskell (SX), Sileo (PIKA), Oertell (PIKA), Thompson (PIKA), Shaw (SAE). :23.2.

440 yard dash—Schlemmer (DTD), Levinson (Phi Alpha), Slaughter (SAE), Segal (Phi Alpha), Isreal (SX). :56.

880 yard dash—Quinn (TKE), Burford (DTD), Schuman (Phi Alpha), Roak (DTD), Taylor (SX). 2:18.

Mile—Lowe (SAE), Rosenblatt (Phi Alpha), Miller (SN), Leviton (Phi Alpha), Jones (DTD). 5:16.

RELAYS

880 sprint relay—PIKA (Thompson, England, Davis, Sileo), SX, DTD, Phi Alpha, Phi Alpha No. 2:2.6.

Mile relay—DTD (Turpin, Clark, Jones, Burford), SAE, PIKA, DTD No. 2. 4:19½.

Medley relay—SAE (Logan Slaughter, Giglio, Lowe), DTD, SX, Phi Alpha, PIKA. 4:17.

FIELD EVENTS

Shot put (16 pounds)—Zimandani (SX), Flyzic (Welling Hall), Kober (SX), Goglin (PIKA), Goldberg (Phi Alpha). 36 ft., 11 in.

Discus—F. Samuelson (Welling Hall), K. Samuelson (PIKA), Ostrom (SN), Flyzic (Welling Hall), Ring (SX). 111 ft., 10 in.

Javelin—F. Samuelson (Welling Hall), Logan (SAE), Haney (PIKA), Sileo (PIKA), Kimmele (SAE). 139 ft., 7 in.

Broadjump—Archer (SN), Sileo (PIKA), Hall (SAE), Oertell (PIKA), Gaskell (SX). 20 ft., 4½ in.

Highjump—Oertell (PIKA), Davis (PIKA), Logan (SAE), Burford (DTD), Clark (DTD), 5 ft., 10 in.

Pole Vault—Hall (SAE), Reicken (PhiSK), Caldwell (SX), Diamond (Phi Alpha). 10 ft., 6 in.

The event which drew the most spectators was the pole vault. Held at the end of the day's activities it was a tightly fought event up to the end. The four qualifiers each managed to clear the bar until it was raised to 9 feet six inches, at which point Lou Diamond, Phi Alpha, failed to clear the bar. Next to fall was Sigma Chi's John Caldwell, when he missed at 10 feet, 2 inches.

The next height tried by the last two competitors was 10 feet, six inches, and after both, SAE's Dave Hall and Phi Sigma Kappa's Dick Reicken, had missed on their first try, Reicken failed to make it on his final attempt, and Hall cleared the bar cleanly to come away with the event. This 10' 6" height is by far the highest ever reached in Intramural competition in the University.

Sportively Yours

By SAM FORTWINE

AFTER LOSING five straight games early in the season the 1952 edition of GW's baseball team is now possessor of a seven-game winning streak.

This week will decide who will be the Northern Division champion of the SC. Yesterday's two games with Richmond, another double header Saturday with West Virginia, and one game next Monday with Maryland comprise the remainder of the baseball season.

GW needs to win 3 of the 5 games to clinch a chance to win the SC Championship. If they do win the division title and want to go to the playoffs some arrangements will have to be made. The tournament falls right smack into the middle of final exams, May 15, 16, 17. This would mean every member of the team would have to arrange for makeup exams in each course before the team could participate.

Several members of the team will be considered for selection to the All-Conference team this year. Bob Cilento, who has received All-Conference honors for the past two years, is a shoo-in for the same honor this year. George Sengstack, who has a 4-2 record thus far, should make the team unless he loses his present form suddenly. A surprise selection this year could be Ray Fox, the third baseman. Fox, a light hitter, but an excellent fielder, needs only to come through with a few timely hits to warrant his selection. Lou Ciarruccia is another player who very much deserves mention. He has saved the infielders many an error this season with his magnificent catches at first base, and is a very good hitter.

The fourth quarter of the infield. Second baseman Ritchie Gibbs, not to be overlooked, with Bob Cilento, comprise the best double play combination GW has ever had. Gibbs is not as clever as Cilento in making the pivot at second base but anything on the ground to the right side of the infield is a sure double play, providing there is a man on first. They rattled off three such plays against Washington and Lee.

At the track meet Saturday, Joe Krupa commented that this would be the last year for the pole vault and the javelin events. Last year it was a one-man event for Dick Reicken and it seemed unlikely that there would be any change Saturday afternoon.

It turned out however, the pole vault was the most exciting event of the day. Last year's champ Reicken, Dave Hall, who won the event, and John Caldwell, who was vaulting for the first time, kept approximately 75 people in suspense for 45 minutes. The javelin may go, but the pole vault will be back for another year.

Mariners Lead Pack Then Fall to 6th in Race

GWS SAILORS leading by six points going into the final day of the Middle Atlantic dinghy championships ran into trouble and finished sixth at Annapolis Sunday afternoon.

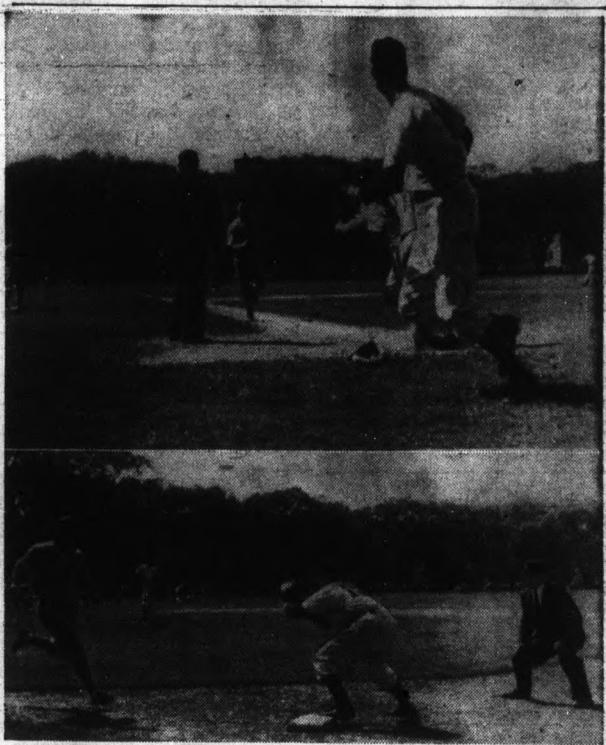

Navy sailing on home water came from behind to top second place Princeton. Georgetown finished two points in front of Cornell for third place, Kings Point took fifth place.

Three disqualifications cost the men from GW a championship they last won in 1948. Bob Harwood, and leading skipper at the time and John Dodge were disqualified for not giving the right

of way and causing collisions. Harwood was scratched by the judges twice. The races were excitingly close and both skippers tried to combine daring with their skill but luck was not with them.

Another cause contributing to their defeat was the high winds which necessitated the change from regular large sails to smaller storm sails. GW's boats not being built for storm sails were much too difficult to handle, and Harwood & Co. were not familiar with this variety.

Coach Jack Smith and team will conclude their season this Saturday against the Washington area teams.

ABOVE: Richie Gibbs scores the winning run against W&L as pitcher Eubanks and the catcher watch futilely. Below: Lou Ciarruccia is out as Summers makes the play at first for the Generals.

Buff Blast Va., W-L on Road

By STEVE LEVY

THE BUFF AND BLUE laid their seven game winning streak on the line yesterday as they met the University of Richmond Spiders in a double header on the Ellipse.

Having taken over first place in the Northern division of the Southern Conference earlier last week after the Spiders were upset, GW needed only to split the double header in order to remain in the top spot. Their record before the twin bill was 6-1 in the conference and 8-6 overall. Sengstack and Kenelly were slated to start yesterday's games.

GW kept their winning streak intact last week as they easily downed W&L and Virginia for their six and seventh straight. Sengstack Scores

In the game with the Generals from W&L last Thursday George Sengstack went all the way, giving up eight scattered hits, to register his fourth win against two losses. In addition Sengstack drove in the winning runs in the sixth inning.

Season End Near

Tomorrow the Colonials go out of the conference as they entertain the Hoyas from Georgetown on the Ellipse. They will be trying to avenge an earlier 2-1, 11inning setback. Even though GW has only two conference tilts left, these could easily decide whether or not the Colonials will

win their division championship. Those games are with West Virginia and Maryland. This Saturday the Buff travel to Morgantown, West Virginia, where they meet the Mountaineers in a double header. West Virginia recently took two straight from the University of Maryland. Next Monday will see GW end their regular season as they take on the Terps at College Park, Maryland owns one victory over GW.

The third inning saw GW's power come to life. Bino Barreira got a safety. Richie Gibbs went out, but Bob Cilento and Lou Ciarruccia promptly followed with singles and then the W&L hurler balked. When the inning was over the Colonials had taken the lead, 4-3, scoring three runs. They were in front of the rest of the way.

In the sixth inning Sengstack wrapped it up. Tivnan walked and Steve Korcheck came through (See BASEBALL, page 11)
